

WELCOME WEEKEND

Welcome from the Meruelo Family Center for Career Development

July 02, 2026

Hello from the Meruelo Family Center for Career Development (CCD), Notre Dame's centralized career center in Duncan Student Center!

We're excited to welcome you to Notre Dame and to be part of what will be some of the most meaningful and transformative years of your life. Our team is here to support you as you:

- Discern your values, interests, and skills
- Pursue opportunities that interest you
- Achieve your aspirations

Taking time to reflect early can help you make the most of your time here, whether you're exploring majors, internships, or just learning about the many careers you can pursue in the future. That's why we're inviting you to complete an interactive activity called **Getting Started with Career Development**.

Click below to complete the interactive activity **within the next few days**. You'll use Okta (Notre Dame NetID and password) to access it.

[Click here to complete the interactive activity](#)

This is not a test or quiz, and there are no right or wrong answers. Your response helps us:

- Share opportunities that match your interests
- Recommend events, internships, and resources

Once you finish, you will receive:

- A **personalized summary** of your responses to help with your discernment

- Instructions to set up your Handshake account (this is where Notre Dame students find jobs, internships, and events)

Ready to begin? Complete the activity above to take your first step toward discovering what's ahead. We're excited to be part of your journey and look forward to meeting you in the coming months.

Go Irish!
